The IEEE Orlando Section is very grateful to Dr. Susanne Lee for her... | Masood Ejaz

The IEEE Orlando Section is very grateful to Dr. Susanne Lee for her exciting and highly informative presentation on The Impact of Semiconductors in Asia and the USA at the Section's April ExCom meeting at Valencia College. It was truly eye-opening to learn about the advancements in semiconductor research and manufacturing in Asia—particularly the fact that education in semiconductor research and fabrication begins at the school level. Clearly, we have a lot of catching up to do here in the U.S. IEEE, IEEE Region 3, Susanne Lee, University of Central Florida, Valencia College
